IMPORTANT-PLEASE READ CAREFULLY

Dear Troopers and Friends of the Blackhorse,

This donation program is our primary fundraising tool for all operations, less our scholarship program. Our Association has had spells of successful scholarship fundraising but far less success in generating operating income.

According to our statutory regulator, the IRS, Scholarship Funds are "restricted" and may only be used for that purpose. On the other hand, Operating Funds have flexibility of use in both categories-----that is to say, Operating Funds in excess of our annual needs can be used for scholarship purposes----no such flex with scholarship donations.

without remuneration. In fact, some have used their personal funds to jump start programs needed for the revitalization of the Association.

The annual operating needs are approximately \$35,000----most of that is for printing and postage of our Blackhorse Newsletter published twice each year and for the annual fundraiser mail out. Other operating costs are associated with our maintaining a web presence, monthly E-News email program, postage and essential administrative and statutory filing costs---the latter to protect our 501 © 3 non-profit, charitable status with the IRS.

We can take our Association to levels not thought possible before with small donations from the many. If you like the direction of your Association, join in now and help us insure we will be here for succeeding Blackhorse generations.

Drawing tickets must reach Don Wicks by 15 May 2011. Drawings will be made at the Las Vegas Reunion at our Stable Your Mount gathering on Friday, 3 June 2011 and you need not be present to win. Five winners will receive their choice of a 1901 Campaign Hat, Saber or Spurs. Winners not present will be notified immediately after the reunion..

Please send donations and tickets to Don Wicks at the "Mail to:" address above. Purchase all five \$20 tickets for a total of \$100 and to be part of your 1901 Club.
